THE MBI UNDERGRADUATE SUMMER TRAINING PROGRAMME

JUNE 1–JULY 31
2020

The Mechanobiology Institute (MBI), National University of Singapore, is offering a paid two month summer training programme to qualifying undergraduate students.

The MUST Programme provides undergraduates an opportunity to pursue a research project in the interdisciplinary field of mechanobiology, interact with MBI faculty, and experience life in the vibrant city of Singapore.

APPLICANTS SHOULD:

- Have a strong background in STEM
- Be in their 2ND to 4TH year
- Prior research experience preferred

APPLICATION DEADLINE
MARCH 1, 2020
